DETAILED ACTION

1. Claims 11, 12, and 15 are pending.
2. Applicant is advised that the amendment and petition filed under 37 CFR 1.48(b) to correct inventorship has been accepted and the inventorship has been amended accordingly.
3. The following are new grounds for rejection.
4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claims 11, 12, and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, the recitation of the phrase "A binding compound comprising an antibody binding site," in Claim 11 is vague and indefinite as it is unclear whether the claimed invention is drawn to a compound that binds an antibody or a compound that is an antibody. Applicant is advised that the recitation in the claim of the language disclosed in the specification at page 6, "A binding compound comprising an antigen binding site from an antibody," would obviate the rejection and render Claims 11, 12, and 15 allowable.
6. No claim is allowed.
7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Gerald Ewoldt whose telephone number is (703) 308-9805. The examiner can normally be reached Monday through Thursday and alternate Fridays from 7:30 am to 5:30 pm. A message may be left on the examiner's voice mail service. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christina Chan can be reached on (703) 308-3973.
